Fortify Digital Case and Evidence Management

Fortify™ Digital Case & Evidence Management System is an intuitive, user friendly and lightweight digital case and evidence management platform, designed by cops for cops. Fortify streamlines the way officers manage their digital evidence, saving them precious time in the field.

Management tools are presented in a manner that allows for quick recall of all case and evidence data using 'Google based' search parameters. As well as the ability to share that data with authorized users while maintaining data security and chain of custody integrity.

The Fortify digital evidence management platform is adaptable to the needs of the department, offering Cloud based storage, on-site local storage, or a hybrid of the two that allows the review and management of all stored video utilizing the Internet communication over SSL connection on any computer with Internet.

Time and Cost Savings Comparison: Better with Fortify!

Based on a department with 35 officers with an average salary of \$49,808 Most Evidence Management solutions average one hour per officer per day after video upload. **Fortify cuts that time in half.**

Compare Fortify to Other Software

Using Other Evidence Management Software

# of Officers	Time to Manage Video	Avg. Cost/Hr.	Cost per Year
35	8400 hrs/year	\$23.94	\$201,096

Using Fortify™

# of Officers	Time to Manage Video	Avg. Cost/Hr.	Cost per Year
35	4200 hrs/year	\$23.94	\$100,548

Savings of \$100,548.00
