

SENTINEL 360° IN-CAR CAMERA

360° Seamless Video

Better with Fortify

- Utilizes Fortify Evidence Management Technology

**360°
Front, Rear,
Sides**

- Capture complete 360° around the vehicle.

**Pre-event
Recording**

- Programmable from 0 to 120 seconds

The Next Generation of Technology for **Law Enforcement!**

The **Sentinel 360** is the first and only 360° in-car video system on the market providing a full 360° view of the interior and exterior of the vehicle.

- Captures what is lost with a standard in-car video camera
- No longer will officer incidents escape the camera's view
- Simply move the screen to continue watching what other cameras miss
- The first and only 360° in-car video camera made for law enforcement

Tell the Whole Story in 360!

Blue Line Innovations

3917 Volunteer Drive, STE 6-A · Chattanooga, TN 37416 · BLI360.com · (833) 270-5355

The Sentinel 360 is the first and only 360° in-car video camera made for law enforcement.

Conventional cameras only record what is directly in front of the vehicle. If an altercation or incident occurs outside of the view of the camera, it is lost. The Sentinel 360, will allow the viewer to simply turn the screen to continue viewing the incident, missing nothing.

The Sentinel 360 is the smallest and most reliable in-car video unit on the market. The optional rear seat camera captures not only the person in the rear seat, but out the rear window and each door. No other camera on the market provides this kind of security for your entire vehicle.

The Sentinel 360 incorporates multiple activation triggers such as speed sensors, blue light activation, as well as several others.

Benefits of Sentinel 360 In-car Cameras

- Captures a 360° field of view through windshield to give a more accurate account of events
- Provides greater in-car monitoring of suspects to ensure statements and actions are recorded
- Decreases the ability for false accusations by having entire car video recorded
- Captures violations prior to activation with pre-event recording

Sentinel 360 In-car Camera Key Features

- Low light lux provides clear video at night
- Front & Rear cameras provide for 360° view of the entire vehicle
- Optional body audio transmitter available for officer audio capture outside the vehicle up to one mile
- Pre-event recording programmable from 0 to 120 seconds
- Compatible with the Warrior 360 body camera for synchronized playback of recorded incidents
- Web based, intuitive Digital Case & Evidence Management solution - Fortify
- 1 year manufacturer's warranty
